IMPERIAL RUSSIA

ORDERS

IMPERIAL ORDER OF THE ST. ANDREW FIRST CALLED

- *Founded by Peter the Great as the highest-ranking Imperial Order. Named after the Apostle of the same name.*
- *Any recipient of the Order thus automatically became a Knight of the Order of St. Alexander Nevsky, the White Eagle, the first class of St. Anne, and the first class of St. Stanislaus.*
- *Originally, there could be no more then 12 "native Russian" bearers of the Order at any time, where the total number, including foreigners, was not to exceed 24.*
- *Starting from Paul I, the Order started to be far less rare - with literally hundreds of grantees, including the ever famous Napoleon Bonaparte in 1807.*
- *The Order came in one class and was always awarded with collar. It could have been awarded with diamonds (for exceptional Civil Merit), crossed swords (for Military Merit), and swords superimposed on the star (if previously awarded with the Order w/diamonds). Non-Christian version of the Order had the image of the Apostle replaced with the Imperial Eagle.*
- *In 1917, the Provisional Government decided to alter the original design of the Order, thus depriving it of it's crowns, and change the Imperial Eagle inside the medallion to a new uncrowned bird (of special design by famous Ivan Bilibin). Unfortunately, no Order of this type was ever awarded or even made...*
- *The annual feast day of the Order was celebrated on November 30th of each year (the St. Andrew's Day).*

NEWPORT HERO.

Man of Many Honours.

In the long list of Newport heroes who have won distinction during the war may be numbered Staff-sergt. major B. W. Bathe, now in the 4th London General Hospital, Denmark hill. The career of this gallant soldier makes interesting reading. Prior to joining the Army he was a teacher of commercial subjects for seven years under Newport Education Committee, having taught at Stow-hill and Maindee Schools, and at the Technical Institute. He was the principal of Newport Business Training School, and acted as one of the judges, with Mr. Hardwick, head of the South Wales University College, in the South Wales and Mon. Shorthand Championship in 1909 at Cardiff. He joined up in December, 1915, and his exceptional qualifications soon gained him promotion. In September, 1916, he was ordered to report to the War Office to take duty in the department of the Chief of the Imperial General Staff, and was attached to General Dessins, K.C.M.G., Chief of the Russian Military Mission to Great Britain. In March of the following year he was decorated, on the recommendation of General Dessins, with the Russian (Silver) Medal on St. Stanislaus ribbon, for services rendered to the Russian Mission. Shortly afterwards he proceeded to France under the British Military Mission in the capacity of clerk to the Assistant Military Attaché, Paris, and was promoted to the rank of warrant officer, Class 1.

A Brave Act.

During his stay in Paris he performed the brave deed which gained for him the French Medal of Honour "for courage and devotion" and the congratulations of the French Government, as well as the Royal Humane Society's testimonial inscribed on vellum. In March, 1918, he plunged, fully dressed, into the Seine, and saved a Frenchman from drowning, at the greatest risk to his own life. Unfortunately, as a result of the exposure and strain incurred in the performance of this gallant act, Staff-sergt.-major Bathe has been in five different hospitals, undergoing special treatment, and expects shortly to obtain his discharge. The gallant soldier's wife and three young children reside at 1, Rosslyn-road, Newport. His many admirers will wish him complete restoration to health and the success he deserves on his return to civil life.

Staff-Sgt.-Maj. B. W. Bathe, who holds both the Russian medal of St. Stanislaus and the French Medal of Honour.
